

VIG Re, the reinsurance company of Vienna Insurance Group, is a dynamic company with various international operations mainly in Continental Europe. We are looking for a new team member who will accompany us to the next step in our strategic growth.

We work hard, but we also like to have fun. Our company culture is quite exceptional for the Czech insurance market; please check out our website www.vig-re.com for more information about us.

RETROCESSION MANAGER

Manages the reinsurance protection of VIG Re in compliance with VIG Re Risk Strategy and adheres to VIG Re retrocession policy. Accounts for the relationship management with VIG Re's retrocessionaires and brokers.

In this role you will

- account for the set-up and renewal of retrocession covers and structured risk transfer transactions in line with the Company's Risk Strategy and Retrocession Policy including:
 - assessment of portfolio and exposures
 - analysis of the efficiency and adequacy of in force and alternative retrocession arrangements from a risk and capital management perspective
 - structuring and negotiation of appropriate retrocession covers
- account for the relationship management with VIG Re's retrocessionaires and brokers, supports the development of new relationships
- contribute to risk management and compliance related responsibilities connected to retrocession (e.g. the annual update of guidelines)
- monitor the assessment of deal-specific exposures relating to retrocession in support of the Corporate Underwriting department
- initiate and coordinate retrocession related to internal projects, including the improvements of operating systems and specifies the implementation requests
- account for internal and external reports (including regulatory reporting) in cooperation with Controlling Planning and Reporting department and presents them to internal committees (Risk and Compliance Committee, Underwriting Committee) if required
- cooperate with internal stakeholders of VIG Re market teams (including Underwriting department, branch offices, Reinsurance Accounting department, Claims Management and Corporate Underwriting) and VIG holding Reinsurance department
- coordinate the retrocession contract management, i.e. timely, accurate and complete production of related documents of retrocession contracts, correspondence and quotation process and entering the relevant information into the operating system (BSS, SAP)
- coordinate the operative work of the retrocession team within the Actuarial Services and Retrocession department including assignment of operational tasks to team members
- support the head of department in managerial tasks

Our Expectations

- University degree in Mathematics, Economics or other equivalent scientific discipline with strong mathematical / insurance focus
- Long-time broad and sound work experience in (re)insurance with a focus on actuarial science, risk management or underwriting
- Broad understanding of Non-life reinsurance and retrocession structures, markets and practices
- Very good IT skills of standard software (MS Office), ability to adapt quickly to VIG Re IT infrastructure
- Excellent command of English
- Proficient communication and presentation skills, for relationship management and in conducting negotiations

- Very good analytical and mathematical skills

We Offer

- Opportunity for professional development in one of the leading insurance groups in Central and Eastern Europe
- The opportunity to contribute essentially to overall company direction and development
- Attractive, performance-oriented remuneration package
- An extensive package of benefits
- Flexible working hours
- Work in an international team
- The workplace in the heart of Prague
