

MOMENTUM THAT MATTERS

VIGRe28

STRENGTHEN.EXPAND.ACCELERATE.

We reaffirm our role as trusted partner, having your back when it matters most.

In a world of increasing volatility and swift change, VIG Re sets the course for forward momentum. With VIGRe28, we

Strengthen.Expand.Accelerate.

The Story Behind Our Momentum

As the leading reinsurer in CEE, we have built our reputation on effectively serving insurers in dynamic and emerging markets. VIGRe28 builds on these strengths while reaching for scalable growth and accelerating our performance for greater impact.

Shaping Tomorrow: Our Three Key Priorities

+ WE STRENGTHEN OUR IMPACT

Leveraging and refining our existing strengths, enhancing our proposition for more efficiency, scale, and impact.

+ WE EXPAND OUR REACH

Pursuing scalable growth in markets and segments where our strengths translate into meaningful value-add.

+ WE ACCELERATE OUR PERFORMANCE

Empowering our teams to deliver distinctive solutions and create long-term value for our clients.

Two complementary concepts, one integrated approach:

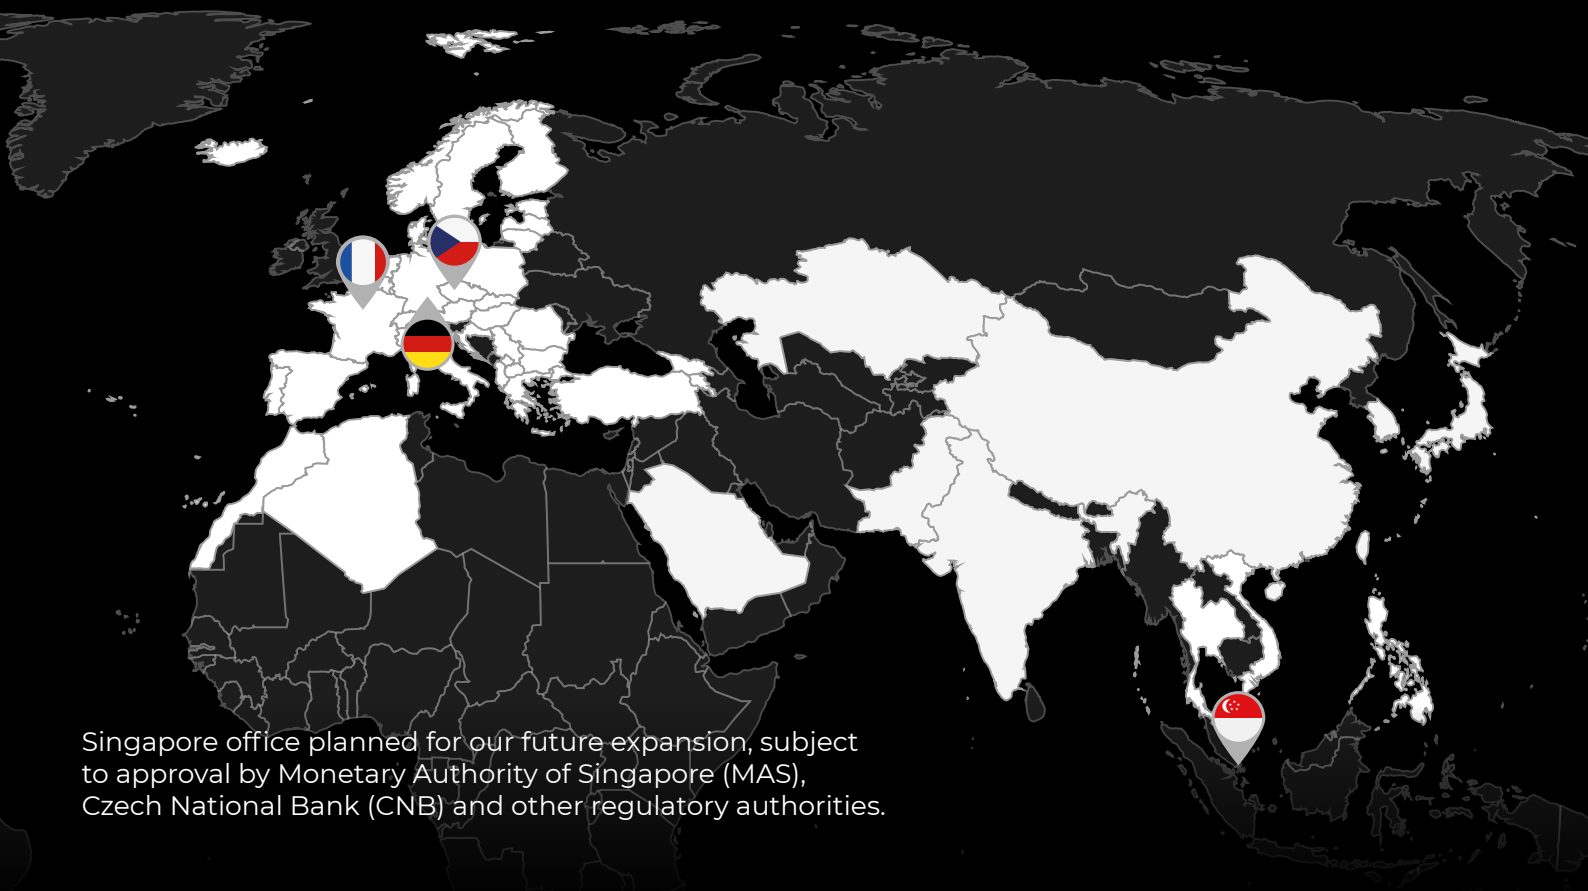

Introducing our new client service model

Our Client/Market Units anchor deep local market proximity, where client closeness is essential. This is complemented by a Special Markets Unit – our global expert platforms – where specialization and reach create the greatest client value.

Client/Market Units in Europe and Asia:

Client proximity and market knowledge at the core

VIG Re's clients in Europe and Asia benefit from our unwavering commitment to client proximity. Through established offices in Prague, Munich and Paris, and an upcoming office in Singapore, our dedicated teams deliver direct access, market expertise, and responsive service. As our strategy evolves, our risk appetite remains stable, ensuring continuity, reliability, and trusted partnership for every client.

Singapore office planned for our future expansion, subject to approval by Monetary Authority of Singapore (MAS), Czech National Bank (CNB) and other regulatory authorities.

Special Markets Unit: Global expert platforms with specialized capabilities

VIG Re's Special Markets Unit offering delivers reinsurance services beyond our core non-life treaty portfolio. Dedicated teams provide clients with specialized expertise in Facultative placements, Natural Catastrophe coverage and Life reinsurance for VIG Group companies.

VIGRe28 Enablers

CLIENT CENTRIC

We prioritize clients through focused steering, deeper engagement, and consistent delivery - building enduring relationships founded on trust and transparency.

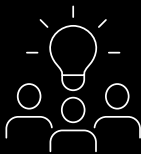

SOLID CAPITAL BASE

Backed by Vienna Insurance Group and rated A+ positive outlook by S&P, VIG Re offers reliability and resilience through a robust solvency position and disciplined capital management.

DIGITALLY ENABLED

We invest in technology and innovation to power a lean operating model, delivering faster responses to clients and smarter analytics that enhance underwriting precision and portfolio steering.

HIGHLY SKILLED TALENT

Our success is driven by expert teams empowered by an innovation mindset and continuous development, ensuring fresh ideas and technical excellence in every client interaction.

DISCIPLINED RISK MANAGEMENT

We apply clear underwriting principles and robust controls, focusing on well-understood risks, supported by strong modelling and active portfolio steering to ensure stability and long-term resilience.
