What are cookies?

Cookies are short text files placed on your computer via your web browser. If you later return to the same website, the browser sends the stored cookie back and the server retrieves all the information it has previously stored about you. Cookies are used by majority of websites.

What do we use cookies for?

We use solely functionality cookies so that we recognize you on our website and remember your previously selected preferences. A mix of first-party and third-party cookies are used.

None of the cookies used on our sites collects or contains any information having the nature of your personal data and, therefore, the cookies used do not enable any identification of your person.

How can you administer cookies in your browser?

You can either delete cookies from your browser or block them. Description, how to do so follows:

– Deleting cookies

You can delete cookies in your browser - usually located in the "History" of visited pages.

– Blocking cookies

Browsers allow you to block the placement of cookies on your computer. In this case, however, the functionality of this website will be limited. You can find information on how to set your browser to store cookies on the website of your browser provider.

Should you have any inquiries or comments, please feel free to contact us at the e-mail address: dataprotection@vig-re.com
